How can Murch'n Spice make my event special?

A Murch'n Spice performance typically includes:

Three sixty (60) minute sets. We can play longer or shorter time frames as well, and often work with our hosts to create an appropriate mood for an event, and to maximize the overall enjoyment of the guests. A full sound system and professional lighting is tailored to suit the size of the venue and group.

Emcee services can be requested for no additional fee. Our emcee can announce guests of honor, corporate dignitaries, etc.

Murch'n Spice can tailor our general menu to suit your particular requirements. Murch'n Spice can be booked as a two-piece, three-piece, four-piece, or five-piece band. This versatility allows us to tailor performances to your needs.

While we do not include pricing in this promotional package, we do provide specific quotes when requested. The price of a performance/event can be difficult to articulate in a one size fits all menu, as there are a myriad of factors that influence pricing. We endeavor to fit within the constraints of the budget of our hosts, and are extremely flexible and accommodating when it comes to pricing and logistics. Our goal is consistent with the goal of our clients, to make the experience as enriching and enjoyable to the audience as possible.

Contact

Murch'n Spice has supplemented the traditional hard copy press kit with more dynamic supplements to our press kit, which are accessible through our website. We strive to provide clients with as much information as they desire to make their booking decisions. To that end, we have integrated the features of a traditional press kit into our web site and Facebook page, including pictures and a current listing of upcoming gigs. We invite and encourage you to take a tour of our website at www.MurchnSpice.com and our Facebook page at www.facebook.com/MurchnSpice.

References are always available upon request, however we believe the best way to get a true sense of the band is to come out and see us perform live.
